

Invitation

Online Security Workshop for Parents

Date: Tuesday, 3 September, 2013
Time: 7.00pm - 8.00pm
Venue: Founders' Complex Computer Room

What you do online today can affect your whole world. Your son's digital identity is important for today and for his future. It can be protected – learn how!

This is an opportunity for you and your son to:

- Become more confident about using social media and the Internet
- Learn about your Facebook settings and online security
- Ask questions.

Conducted by: Camilla Elliott, eLearning Coordinator & Mazenod College iSupport Team

The iSupport Team is a student group committed to building knowledge and expertise in the use of ICT within our college community. We look forward to welcoming parents and students to this family workshop.
